Put on your **speakers or earphones first**

The audio part of this presentation was recorded for an earlier semester and so it may not make complete sense for our course...

Then, up on the top tool bar of your screen click on:

“Slide Show” and then “View Show”.....

Then hit the “space bar” once

I'd like you to jot down (on the worksheets) three or four items about you... anything you think might interest others

1) *I love hello*
2)
3)
4)

Now share your list with your neighbour for a few minutes. Meet a classmate.

(Don't worry, you will not have to share with everyone)

Again on the worksheets, I'd like you to jot down three or four ideas about your expectations for Physics 209....

Are your expectations the same as theirs?

Now here are some of my ideas
about my expectations for Physics 209....

- a) elicits students' existing notions in writing and in groups.
- b) presents *disequilibrating experiences* which prompt reexaminations and reevaluations of existing notions.
- c) engages students in carefully designed collaborative activities.
- d) leads students to constructing their own new notions and improved conceptual understanding. “

Your five tasks before the next class:

- 1) Get your "trentu.ca" accounts activated and complete the WebCT demographics survey.
nb: If you wish to use another e-mail address, set your "trentu.ca" e-mail to be automatically forwarded.
