| <i>Summer vacation and reading period</i> | | |
| SUMMER TERM | | |
| Dates to be announced. | | |

This calendar is the first published by the University, and went to press several months before the beginning of the academic year, 1964-1965. Of necessity, it is therefore incomplete in a number of respects: further staff appointments will be announced after its publication, some course prescriptions remain to be worked out in detail. The University reserves the traditional right to make such changes in courses and regulations as it deems desirable.
