

RefWorks has a brand new interface! RefWorks 2.0 has all the features of RefWorks Classic with improvements:

- Subfolders
- Easier navigation
- Easier sharing options

The right-hand menu bar includes all of your folders and sub-folders, as well as quick access to some of the most commonly used RefWorks features.

↓ Organize and share your references, edit your RefShare preferences, view your institution's RefShare area, and check sharedRefShare usage statistics from one tab.

Try it now!
