

Eugène Morin
- Abbreviated CV -

Education and Fellowships

Trent University Assistant Professor 2008
Laval University, Québec, Canada Postdoctoral Fellow 2006-2007
McGill University, Montréal, Canada Postdoctoral Fellow 2004-2006
University of Michigan, Ann Arbor, U.S.A. Ph.D. Anthropology 2004
Université Paris-X, Nanterre, France D.E.A. Prehistory 2001
Université de Montréal, Canada M.Sc. Anthropology 1998
Université de Montréal, Canada B.Sc. Anthropology 1996

Ph.D. Thesis: Morin, E. 2004. Late Pleistocene population interaction in Western Europe and modern human origins: New insights based on the faunal remains from Saint-Césaire, southwestern France. Unpublished Ph.D. Dissertation, University of Michigan, Ann Arbor.

Refereed Publications

Morin, E. 2007. Fat composition, skeletal part selection, and Nunamiut decision-making. *Journal of Archaeological Science* 34: 69-82.

Morin, E. 2006. Beyond stratigraphic noise: Unraveling the evolution of stratified assemblages in bioturbated sites. *Geoarchaeology* 21: 541-565.

Morin, E. 2006. Résumé de thèse—Late Pleistocene population interaction in Western Europe and modern human origins: New insights based on the faunal remains from Saint-Césaire, southwestern France. *Bulletin de la Société Préhistorique Française* 103: 186-189.

Morin, E., Tsanova, T., Sirakov, N., Rendu, W., Mallye, J.-B. and F. Lévêque 2005. Bone refits in stratified deposits: Testing the chronological grain at Saint-Césaire. *Journal of Archaeological Science* 32: 1083-1098.

Morin, E., Tsanova, T., Sirakov, N., Rendu, W., Mallye, J.-B. and F. Lévêque 2004. Exploring occupation mixing at Saint-Césaire using bone refits. *Journal of Human Evolution* 47: A63.

Morin, E. 2004. An experimental model for interpreting Levallois patterning and toolkit transport. In *Settlement Dynamics of the Middle Paleolithic and Middle Stone Age*, edited by N. Conard, Tübingen: Kerns Verlag, pp. 317-341.

Morin, E. 2002. Mousterian mobility and the significance of raw material transfers: A view from Artenac. *Journal of Human Evolution* 42: A24.

Morin, E. 2001. Early Late Woodland social networks in the St. Lawrence River Valley. *Archaeology of Eastern North America* 29: 65-100.

Reports and non-peer-reviewed publications

Morin, E. 2007. Les Rochers de Villeneuve. Rapport de la campagne de fouilles 2006 (seconde année de la triennale 2005-2007). Report submitted to the Service Régional d'Archéologie du Poitou-Charentes, Poitiers, France.

Morin, E. 2006. Les Rochers de Villeneuve. Rapport de la campagne de fouilles 2005 (première année de la triennale 2005-2007). Report submitted to the Service Régional d'Archéologie du Poitou-Charentes, Poitiers, France.

Morin, E. and Castel, J.-C 2006. La faune du Piage : Indice d'une exploitation optimale des carcasses. In *Le Piage* (Fajoles, Lot, France). Rapport d'activité, J.-G. Bordes and F. Le Brun Ricalens eds, Report submitted to the Service Régional d'Archéologie du Sud-Ouest, France.

Morin, E. 2001. De la signification des schèmes dans l'assemblage de la couche 5 d'Artenac: apport de l'expérimentation à l'étude de la mobilité des groupes moustériens. Unpublished DEA thesis, Université Paris-X, Nanterre.

Morin, E. 1999. Le Sylvicole supérieur ancien (1000 AD-1300 AD) dans la vallée du Saint-Laurent: Étude d'une évolution céramique. *Archéologiques* 11-12:187-190.

Morin, E. 1998. Analyse de la céramique du site 5g, Ile-Aux-Noix: quelques remarques. Report submitted to Patrimoine Experts, Montréal, Canada.

Morin, E. 1998. The Cairn Island Mound site: The history of a burial mound as revealed by its ceramics. Report submitted to Parks Canada, Cornwall, Ontario, Canada.

Morin, E. and E. Graillon 1997. Reconnaissance archéologique dans la vallée de la rivière Hall. Été 1996. Report submitted to the Ministry of Culture and Communications, Québec, Canada.

Conference Presentations

Morin, E. 2007. Ungulate species abundance and human population densities during the Middle to Upper Paleolithic transition in Western Europe: The population bottleneck model. Paper presented at the Paleoanthropology Society annual meeting, Philadelphia.

Morin, E. 2006. Assessing identification biases at Saint-Césaire using long bone refits. Paper presented at the Society for American Archaeology annual meeting, San Juan, Puerto Rico.

Morin, E. 2006. Testing the modern human expansion hypothesis using the Saint-Césaire fauna. Paper presented at the Paleoanthropology Society annual meeting, San Juan, Puerto Rico.

Morin, E. 2005. Bone grease rendering and factors underlying bone selection. Paper presented at the Society for American Archaeology annual meeting, Salt Lake City.

Morin, E., Tsanova, T., Sirakov, N., Rendu, W., Mallye, J.-B. and F. Lévêque 2004. Exploring occupation mixing at Saint-Césaire using bone refits. Paper presented at the Paleoanthropology Society annual meeting, Montreal, Canada.

Morin, E. 2002. Mousterian mobility and the significance of raw material transfers: A view from Artenac. Paper presented at the Paleoanthropology Society annual meeting, Denver.

Morin, E. 2001. Apport de l'expérimentation à l'étude de la mobilité de l'outillage dans les assemblages Levallois. Paper presented at the meeting organized by the l'Union Internationale des Sciences Pré et Protohistoriques (UISPP), Liège, Belgium, September 2001.

Morin, E. 2000. Early Late Woodland Social Networks in the St. Lawrence River Valley. Paper presented at the Canadian Archaeological Association annual meeting, Ottawa.

Morin, E. 1998. The Early Late Woodland period (1000-1300 A.D.) in the Upper St. Lawrence Valley: Proposition of a regional sequence. Paper presented at the Thousand Islands Conference, New York Archaeological Association, Alexandria Bay, May 1998.

Awards:

2003 Innovative Teaching Award for teaching "Who are we: An archaeological perspective on the origins of modern humans" Department of Anthropology, University of Michigan.

Field experience:

2005-2007 Director, Rochers de Villeneuve cave, western France. Excavation of a Mousterian site.

2001 Archaeologist, lac de Clairvaux, France. Archaeological survey of lacustrine Neolithic sites. Project directed by Pierre and Anne-Marie Pétrequin.

2000 Participation to a training workshop on lithics (CNRS, France). The workshop was organized and directed by Jacques Pelegrin and Pierre-Jean Texier.

2000 Archaeologist, Coudoulous cave, France. Excavation of a Middle Paleolithic cave site, directed by Jacques Jaubert and Jean-Philippe Brugal.

2000 Archaeologist, Chalain site, France. Excavation of a lacustrine Neolithic site, directed by Pierre and Anne-Marie Pétrequin.

2000 Archaeologist, Abruzzo region, Italy. Archaeological survey directed by Robert Whallon and Amilcare Bietti.

- 1999 Archaeologist, Les Pins site, France. Excavation of an Upper Paleolithic cave site, directed by Véronique Dujardin.
- 1999 Archaeologist, Verberie site, France. Excavation of a Magdalenian open-air site, co-directed by Françoise Audouze and Jim Enloe. 1999, Archaeologist, Cante-Louette site, France. Excavation of a Middle Paleolithic open-air site, directed by Sylvain Soriano.
- 1998 Field Assistant, Cerro Juan Diaz site, Panama. Excavation of a burial mound, directed by Benoit Desjardins.
- 1997-1998 Field Assistant, Droulers site, Québec, Canada. Excavation of a Late Iroquoian village, directed by Michel Gagné.
- 1998 Archaeologist, Ceramic analysis of the Island 124 site, Parks Canada, Canada. Responsibilities included the analysis and writing of a report.
- 1997 Director, Hall Stream Valley, Québec-New Hampshire border. Archaeological survey.
- 1996 Archaeologist, Israel River site, New Hampshire, U.S.A. Excavation of an Early Paleoindian site, directed by Richard Boisvert.
- 1995-1996 Archaeologist, Droulers and MacDonald sites, Québec, Canada. Excavation of two Late Iroquoian villages, directed by Michel Gagné.
- 1994 Archaeologist, Pointe-du-Buisson site, Québec, Canada. Excavation of a multicomponent Woodland site, directed by Norman Clermont.
- 1990 Archaeologist, Place Jacques-Cartier site, Québec, Canada. Excavation of a historic site, directed by S.A.N.M.
- 1989 Archaeologist, Champs-de-Mars site, Québec, Canada. Excavation of a historic site, directed by S.A.N.M.
