DR. TAPSCOTT is one of the world's leading authorities on innovation, media, and the economic and social impact of technology – advising business and government leaders around the world. In 2014, he was ranked the 4th most influential management thinker alive by *Thinkers50*; and in 2015 was named to the Order of Canada. With publication in 9 languages and a TED talk garnering over a million views, his new book *Blockchain Revolution* (co-authored with his son Alex Tapscott) is the first book to thoroughly explain why blockchain technology – an open, distributed, global platform – will fundamentally transform the way we move, store, and manage value online.
