

Focused Insight. Global Understanding.

Economics. **Trent.** You.

[www.trentu.ca/economics](http://www.trentu.ca/economics)

### Why Trent?

- Faculty mentoring in small classes and workshops
- Opportunities to assist professors with their research projects
- Utilize national and international data to explore economic trends and tendencies and test economic models
- Undertake individual research projects utilizing tools developed to extend economic models

Take the opportunity to study the impact that individuals, businesses, financial institutions, and governments have on the economy. You'll gain an understanding of the methods and tools required to analyze complex economic issues such as unemployment, inflation, economic growth and the regulation of the market structure. Experience economics at Trent with a strong international thrust, with courses on issues related to the global economy, some of which are cross-listed with courses from the Departments of International Development Studies and Business Administration.

### Degree Opportunities

- Bachelor of Arts (Honours)**
- Bachelor of Science (Honours)**
- Bachelor of Science in Mathematical Economics (Honours)**
- Bachelor of Arts (General)**
- Bachelor of Science (General)**

### Career Conscious

Our economics graduates go on to various careers focused on policy analysis, financial services, and decision making. Many first obtain a graduate degree in economics or related disciplines. You may choose to pursue a career in accounting, actuarial science, banking, education, finance, government, law, marketing, systems engineering, and more.
