

The Edwin William Curtin & Irene Elizabeth Curtin Watershed Ecosystems Graduate Scholarship

Established in 2006

3 Awards of \$3,000

This scholarship is open to any Watershed Ecosystems graduate student who has been awarded an external scholarship (NSERC, OGS, OGSST) during their graduate studies and can demonstrate their research has an environment studies academic focus.

Application Process:

Watershed Ecosystems graduate students wishing to apply for these prestigious awards must submit a letter of application outlining their academic interests, a written outline of their thesis proposal, a copy of their C.V, transcripts and two letters of reference.

For further information please contact: Linda Cardwell, Program Coordinator, WEGP Graduate Office, ES A201

Application Deadline: June 30, 2007
