

Do you know a
simple, quick,
painless cheek
swab can
save a life?

Match for Life

In honour of Trent student David Smyth

Blood Donor / OneMatch Clinic • September 21 and 22, 2010

Blood Drive: 12:00 – 4:00 PM • Stem Cell Drive: 12:00 – 6:00 PM

Trent University • Gym Athletic Centre • 1799 W. Bank Dr., Peterborough

what if saving a life were this simple...

*Anyone who is battling leukemia may be down to their last option – a stem cell transplant.
A simple swab can determine if you are a match. Blood transfusion is a critical part of
cancer treatment and cannot happen without people like you!*

**If you are between the ages of 17 and 50, please get swabbed in honour of David Smyth.
It's quick, simple and painless. You might end up saving a life. Please bring identification to the clinics.**
