WHERE THE WORLD LEARNS TOGETHER

TRENT INTERNATIONAL PROGRAM 2008
WE CAN’T WAIT TO MEET YOU

At Trent, we believe that imagination, debate, and exploration are essential parts of a valuable university experience. Through a Trent education, you will be encouraged to discover what matters most to you. You will be challenged to take the knowledge you’ve gained to make a concrete difference in the world. We want you to dream big, but we also want you to know that we’re here to support you along the way.

Michael Zheng, Bachelor of Arts & Science
2007 Graduate, Trent-ESL
EXCEPTIONAL EMPLOYMENT RATES

In 2005, 95% of Trent graduates found employment six months after convocation. Grads in the physical sciences such as Chemistry, Biochemistry, Physics and Biology experienced 100% employment rates.*

ENVIABLY SMALL CLASS SIZES

Trent's classes are among the smallest in Canada. Our student-to-teacher ratio at the Peterborough campus is 22 to 1.

* Based on the National Survey of Student Engagement which surveyed over one million students throughout North America.

Trent University was founded in 1964 on the belief that learning is an individual, life-long pursuit – and that student choice, flexibility, and the opportunity for interdisciplinary study are part of a high quality undergraduate education. A Trent education provides graduates with the intellectual tools and the social awareness to become successful, active citizens of the world.

IDEALLY LOCATED

Trent's 1450-acre campus is located on the banks of the Otonabee River in Peterborough, Ontario, Canada. A warm campus community of award-winning architecture, pristine forests, and hiking trails, we’re just a 90-minute drive from Toronto, the country’s largest urban centre, and three hours from Ottawa, the nation’s capital.

From Toronto’s Pearson airport, one of the busiest in North America, it’s easy for you to make direct connections back home.
ACCOMPLISHED PROFESSORS
TO HELP YOU SUCCEED.

Trent’s leading professors are engaged in research of global significance. As a student at Trent, you benefit from the ability to share in this research and to forming close relationships with teachers who are committed to your growth.

International students have a strong record of success at Trent. This year, nearly one third of our international grads made the President’s Honour Roll. A Trent degree can also be your ticket to some of the world’s top graduate schools. In 2006, Trent graduates were accepted into Masters programs at Oxford and Harvard universities, among others.

Trent students connect with some of the best minds in Canada and the world.

- Seven out of every ten first-year classes are taught by tenured faculty.
- 85% of first- and second-year classes have fewer than 60 students.
- 95% of third- and fourth-year classes have fewer than 60 students.
- Trent offers many program with a specialized global perspective, such as our specialization in International Political Economy and our bachelor’s degree in International Development Studies.

"At Trent there is no shortage of challenges or inspiration and so there is no limit to the opportunities a Trent education can afford you."

Trent University President
Bonnie M. Patterson

Professor Carole Kay, History

Professor John Wadland, Canadian Studies

Trent places second among Canadian undergraduate universities for the number of 3M Fellows per capita.

This past year alone, two Trent professors were presented with 3M Teaching Fellowship Awards – the highest honour for university teaching in Canada.

"Canada’s Best Teachers"

Trent University President
Bonnie M. Patterson

"At Trent there is no shortage of challenges or inspiration and so there is no limit to the opportunities a Trent education can afford you."

Trent University President
Bonnie M. Patterson
A TRENT DEGREE CAN TAKE YOU ANYWHERE

Many employers and graduate schools remark on the outstanding knowledge and critical thinking abilities of our graduates. While other universities have increased their class sizes, Trent has made a deliberate decision to invest heavily in placing tenured faculty in small classes – and it shows in the quality of our graduates.

ONE OF CANADA’S MOST RESEARCH INTENSIVE UNIVERSITIES

A university’s research standing says a lot about its faculty, facilities and reputation. In 2005-06 Trent University increased the amount of cash awards received from externally-funded research by 32% over the previous year’s funding. Through a competitive, peer review application process, the University was awarded approximately $13.5 million in research funding. This is good news for Trent faculty and helpful to Trent graduates who benefit from Trent’s reputation.

FLEXIBLE PROGRAMS OF STUDY

At Trent, we believe the best learning occurs when you study subjects that matter most to you. That’s why we keep our programs flexible and allow you to combine majors in exciting and innovative ways.

Trent offers six undergraduate degrees in total: Arts, Science, Forensic Science, Nursing, Education, and Business Administration.

ARTS

An Arts education asks important questions about who we are as people. In programs like Politics, History, and International Development, you’ll learn how to use your new knowledge to make a difference in our world.

SCIENCE

Trent is one of Canada’s strongest undergraduate research universities. Take advantage of faculty knowledge and expertise in programs like Biochemistry and Molecular Biology, Environmental Science, or Computer Science.

BUSINESS ADMINISTRATION

Trent’s focus on ethics and social responsibility in our BBA program has earned recognition and praise around the world. Combining real-world practise with all the latest business theories, your Trent BBA degree will take you where you need to go.

NURSING

Trent’s four-year nursing degree has been a pioneer model in Canada for combining rigorous academics with real world clinical experience. Offered in partnership with Fleming College, you’ll graduate with a Trent Nursing degree equipped to make a difference in the world.

“In pursuing my degree, Trent has provided me with open, flexible opportunities.”

Peo Chin Teoh, Graduate, Anthropology and International Development Studies
International students are active leaders on our campus. Organizations like the Trent International Students’ Association, and regional student organizations like the Trent African Caribbean Student’s Union (TACSU), the Organization for Latin Awareness (HOLA), or Trent Muslim Students’ Association (TMSA), organize everything from dances and parties to film nights, political discussions, even a two day athletics competition for students featuring all of the world’s regions.

You’ll also find our students contributing greatly to campus life through cultural, athletic, and humanitarian pursuits. Want to play for the soccer team? Write for one of the student newspapers? Lend a hand with the World Affairs Colloquium, or sing in the International Choir? Trent’s supportive and active student life will provide you with everything you need.

PETERBOROUGH

Peterborough is an ideal student city. Situated 90 minutes northeast of Toronto in the beautiful Kawartha Lakes region, the city is a major gateway to outdoor sports like hiking, canoeing and mountain-biking. As a city rich in arts and culture, Peterborough’s vibrant theatre and music scenes, not to mention dozens of cafes, restaurants, nightclubs, and bookstores, make it the perfect place to explore your interests and spend time with friends.
THE SUPPORT YOU NEED
Trent is known throughout Canada and the world for the close support we provide our students. From our generous Global Citizen Scholarship program (one of the largest in Canada for international students), to personalized counselling and our unique four-day orientation camp, Trent is a leader in making sure your transition from high school to our programs is a success.

WHAT IS TIP?
Your home base at Trent will be the Trent International Program, or TIP. All international students at Trent -- as well as Canadian students with international issues -- become part of the TIP family. At TIP, we believe and support the value of internationalizing your experience while at Trent. The TIP staff are available year-round to answer your questions about everything from course registration to study abroad and immigration questions.

TIP CAMP
TIP Camp is the only orientation program of its kind in Canada. When you arrive in Canada, we'll pick you up at Toronto's Pearson Airport. From there, all first-year international students will spend four days at a beautiful camp on the shores of Clear Lake. You'll live in cabins with new students from other parts of the world, take part in sessions on academics at Trent and Canadian culture, and have free time to swim, hike a Canadian forest, and learn to sail or canoe. Best of all, guided by TIP staff and upper-year international students, you'll be ready to head back to campus with the knowledge you need to succeed and a whole network of new friends!

SCHOLARSHIPS
Trent's Global Citizen and United World College scholarships provide full and partition scholarships to outstanding international students who demonstrate superior academic and community leadership experience. All students entering Trent with higher than a "B" average will be guaranteed a minimum entrance scholarship of $1000-$2500, renewable for 4 years. International students with demonstrated financial need may be eligible for limited financial support through the Trent International Awards program.
Visit our Finances and Scholarships web page for more detailed information.

"At Trent, you will find yourself in a collective of students from every corner of the world. The international community welcomes everyone, so that we all learn from each other."
Oscar Moore, Computer Science, international student from the Bahamas, President of the Trent African Caribbean Student Union
RESIDENCE AND HOUSING

As an international student at Trent, you are guaranteed a room in residence if you apply before the deadline. Residence life is an ideal way to make friends and get involved on campus. Most residence rooms at Trent are single. Trent’s unique “college system” provides small, intimate neighbourhoods for student living and learning. Each of the five colleges offer a wide range of activities, from movie nights and discussion groups to visiting musicians and scholars.

TRENT GLOBAL LIVING COMMUNITY

As a globally-focused university, Trent offers you the chance to live with students from all over the world in the Trent Global Living Centre at Champlain College. The TLGC offers visiting lecturers and specific programming for students interested in global issues.

SUPPORTING YOUR SUCCESS: TRENT-ESL

Trent is one of the few universities in Canada to offer conditional offers of admission for students who meet our academic requirements, but need some extra support with English language proficiency.

TRENT-ESL is a small, intensive academic English program designed to meet the needs of international students studying at an English-language university. In TRENT-ESL you will master your English writing, speaking, and listening skills through essay-writing, research exercises, and oral presentations. In the upper sections of the program, you are able to take one or two half-credits towards your degree.

As an ESL student, you are a full member of the Trent community, and will be able to join clubs, use all university facilities, and be part of the TIP family!

FEES AND EXPENSES

Trent’s commitment to international students means our tuition fees are much lower than many universities in Canada. To reward you for your effort, we also have one of the largest scholarship programs for international students in Canada, through our Global Citizen, United World College, and International Awards programs. For full information about your scholarship options at Trent, visit www.trentu.ca/international.
APPLY TO TRENT

The simplest way to apply to Trent is through our direct online application, available at www.trentu.ca/international. All you need to do is complete the form, make an application payment, and send us your personal documents.

Like most Canadian universities, Trent makes offers on a rolling basis, beginning in January and running through the spring for September admission. The sooner you send us your complete, original (or notarized) documents, the sooner we’ll be able to send you word of our decision.

THREE EASY STEPS

1. Complete the direct online application at www.trentu.ca/international.
2. Pay application fee by credit card, cheque, or money order.
3. Mail all required documents (high school or post-secondary transcripts, and proof of English proficiency if required) to the Office of the Registrar at Trent University.

You also have the option of applying through the Ontario common application through the Ontario Universities Application Centre (OUAC) at www.ouac.on.ca.

For a complete list of instructions, including country-specific requirements, visit www.trentu.ca/international.
Here’s What You Need

### International Baccalaureate (IB)

These requirements apply to all programs. Programs with additional requirements are listed below.

<table>
<thead>
<tr>
<th>Program</th>
<th>Required Courses</th>
<th>Minimum Overall Score</th>
<th>Admission Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>All Programs</td>
<td>Minimum overall score of 28 on the best six courses, including three courses at the Higher level and three courses at the Subsidiary level will be considered for admission. English at a Higher or Subsidiary level with a minimum grade of 5 is required.</td>
<td>Minimum &quot;C&quot; grade in 5 Ordinary level subjects and 2 Advanced level subjects, or minimum &quot;C&quot; grade in 4 Ordinary level subjects and 3 Advanced level subjects. Two Advanced Subsidiary subjects may be substituted for 1 Advanced subject. Minimum &quot;C&quot; grade in English at the Ordinary level is required.</td>
<td>A minimum &quot;B&quot; average (or 85% or 3.0 GPA on a 4.0 scale) in a recognized academic grade 12 program with a minimum of 70% in grade 12 English. At least 4 different subjects at the matriculation level must be represented in the high school diploma. An SAT score of 1,650 or composite ACT score of 24 is required.</td>
</tr>
</tbody>
</table>

### Forensic Science

</tbody>
</table>

**Admission decisions will be based on a combination of an applicant’s academic average (a minimum of 75% on courses considered for admission is required) and supplemental application (Personal Statement of Experience [PSE]). Applications to this program must be received by the Ontario Universities Application Centre (OUAC) by January 9, 2008. PSEs are due in late January/early February - forms and deadlines for submission can be found at www.trentu.ca/forensicscience. There are a limited number of spaces available in the Forensic Science Program and fulfillment of the minimum requirements does not guarantee admission.**

**Official transcripts and supporting documents will receive full consideration and evaluation. Normally, candidates who have achieved admission levels for universities in their own country are eligible for admission to Trent University. Please visit www.trentu.ca/ for international for country specific requirements.**
DEGREE PROGRAMS
- Ancient History & Classics
  - Ancient Greek & Roman Studies
  - Greek & Latin Language & Literature
- Anthropology
- Biochemistry & Molecular Biology
- Specialization in Health Sciences
- Biology
  - Specialization in Conservation Biology
  - Specialization in Health Sciences
- Business Administration
  - Specialization in Human Resource Management
  - Specialization in Indigenous Management & Economic Development
- Canadian Studies

  - Physics & Astronomy
  - Politics
  - Psychology
- Sociology
- Women’s Studies

EMPHASIS PROGRAMS
(Available to students in any program)
- Applied Ethics
- Archaeology
- Classical History
- Food & Agriculture
- Geographical Information Systems (GIS)
- Global Studies
- Globalization: Communities & Identities
- International Political Economy
- Law & Policy
- Linguistics
- Mathematical Finance
- Medieval & Renaissance Studies
- Northern & Polar Studies
- Teacher Education

DIPLOMA PROGRAMS
- Canadian Studies
- Foundations of Indigenous Learning
- Indigenous Environmental Studies
- Kanyen’kehaka (Mohawk) Language

GRADUATE DEGREES
- Master of Arts (MA)
- Master of Science (MSc)
- Doctorate (PhD)

ENGLISH PROFICIENCY
In most cases, if you have studied English at a secondary or post-secondary institution (ESL excluded) for a minimum of three years, you will not be required to submit further proof of English proficiency. Please note that the Office of the Registrar does reserve the right to ask for additional proof of English ability at any time in the admission process.

Trent University currently accepts the following test results as demonstrated proof of English proficiency:

<table>
<thead>
<tr>
<th>LANGUAGE TEST</th>
<th>MINIMUM SCORE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Test of English as a Foreign Language (TOEFL) *</td>
<td>237 CBT, 580 PBT or 86iBT with a minimum TWE score of 4.5</td>
</tr>
<tr>
<td>Michigan English Language Assessment Battery (MELAB)</td>
<td>85, with no part below 80</td>
</tr>
<tr>
<td>International English Language Testing System (IELTS)</td>
<td>6.5, with no band lower than 6.0</td>
</tr>
<tr>
<td>Canadian (Carleton) English Language (CAEL) Test</td>
<td>60</td>
</tr>
<tr>
<td>Certificate of Proficiency in English (CPE) by University of Cambridge Local Examinations Syndicate, English as a Foreign Language (EFL) Division Canadian University English Language Testing Services</td>
<td>Grade of ‘C’</td>
</tr>
</tbody>
</table>

Applicants who have results from recognized Canadian university English language testing services may submit their results for consideration. Trent accepts only the official, original examination result. Photocopies or faxes of the original are not accepted as proof of the original.
