

TRENT UNIVERSITY IS CREATING THE LIBRARY OF THE FUTURE FOR YOU!

BATA LIBRARY TRANSFORMATION PROJECT MAY 2017 – SUMMER 2018

As a student considering Trent, you'll be excited to know that Trent University's Bata Library is undergoing an amazing revitalization. Starting this spring, the library will undergo an \$18 million transformation into a library of the future.

The library is the academic heart of Trent University. During your years of study at Trent, the newly renovated space will provide:

- Greatly enhanced collaborative working space, along with designated areas for various levels of contemplative and individual study
- An entrepreneurship and social innovation centre
- Space for newly curated books and other non-digital collections
- Two visualization labs
- Educational design research studio
- A presentation practice room
- A wide selection of interactive student spaces (group and individual)
- Design elements to promote environmental sustainability, including a green wall
- Three research centres: Trent Centre for Aging and Society; Indigenous Environmental Studies Research Centre; Canadian Environmental Modelling Centre

CHALLENGE THE WAY YOU THINK

YES! YOU WILL HAVE FULL ACCESS TO ALL BOOKS, MATERIALS AND SERVICES THROUGHOUT THE RENOVATION.

During your first year at Trent, while the library building will be closed for renovations, **all library services will be available.**

SPACE FOR YOU TO STUDY AND COLLABORATE: The new Student Centre, opening in fall 2017, as well as many other locations around campus, will provide excellent spaces for you to meet, study and collaborate on campus.

LIBRARY SERVICES: All current library services will continue to be available to you throughout the renovation, including access to books and all digital resources and collections.

ON-CAMPUS PICK-UP: After placing your order online, your requested books and materials will be available for pick-up within 24 hours at our on-campus service point located in the new Student Centre – open seven days a week. As usual, additional time may be required for inter-library loan service, as well as requests made over weekend hours.

ACCESS TO SPECIALIZED COLLECTIONS: If you need access to our specialized collections, such as archives and rare books, maps, and microforms (including the Maps, Data and Government Information Centre) during the reno, you can book an appointment to visit our temporary downtown location, fully accessible by public transportation.
