## CBR Program - Student Application Form

This application is for students wanting to undertake an independent community-based research project with the Trent Community Research Centre or U-Links.

Students generally connect with our projects either by enrolling in a course that we work with, or by doing an independent project under the supervision of a faculty member. There is a course code for community-based research in most departments at Trent University. Please refer to the Academic Calendar for details.

To apply for a project, please submit this form accompanied by a copy of your **resume**, a **brief cover letter** (1 page) explaining your interest in community-based research, and a **screen grab of your current transcript**.

### **A. Personal Information**

Student Name:

Trent Email:

Telephone Number:

Student Number:

College:
