A professional photographer will be taking **free photos**

following both daily convocation ceremonies.

If you are not actually graduating on these dates you can still have a photo taken on these dates - we will have a gown at the site for you to wear for the photo (just bring proof you are graduating from Trent). We will ask for your permission to let us use the photo in promotional materials to raise visibility of student parents at university.

This event is sponsored by the Breastfeeding Friendly Campus Initiative, funded by a Ministry of Health and Long-Term Care grant awarded to Dr. Michele McIntosh, Trent-Fleming School of Nursing.
