

MASTER OF EDUCATION IN EDUCATIONAL STUDIES

Copyright, authorship and publication of thesis material

The thesis document is copyrighted to the student (see the Handbook for Graduate Students). Therefore publication of the thesis, in whole or in part, can be done only with permission of the student. If manuscripts which have been published prior to submission of the thesis are to be included, a letter of permission to copy the manuscript(s) must be obtained from the publisher and included in the thesis (in an appendix).

In all cases, the following information must appear on the title page of thesis manuscripts:

1. Previously published manuscripts: (a) where possible, the title page of the camera-ready manuscript. Note that the reproduction must follow Trent's guidelines for the thesis submission format; or (b) [if (a) is not available or appropriate] full reference to the publication (as well as indication of previous copyright) must be included.
2. Manuscripts submitted or in press: (a) full authorship as stated in the submitted manuscript; and (b) complete and clear reference to and status of (submitted or in press) the submission.
3. Unpublished manuscripts: full list of authors.
