Local Employment Planning Council
Conseil de planification de l'emploi local

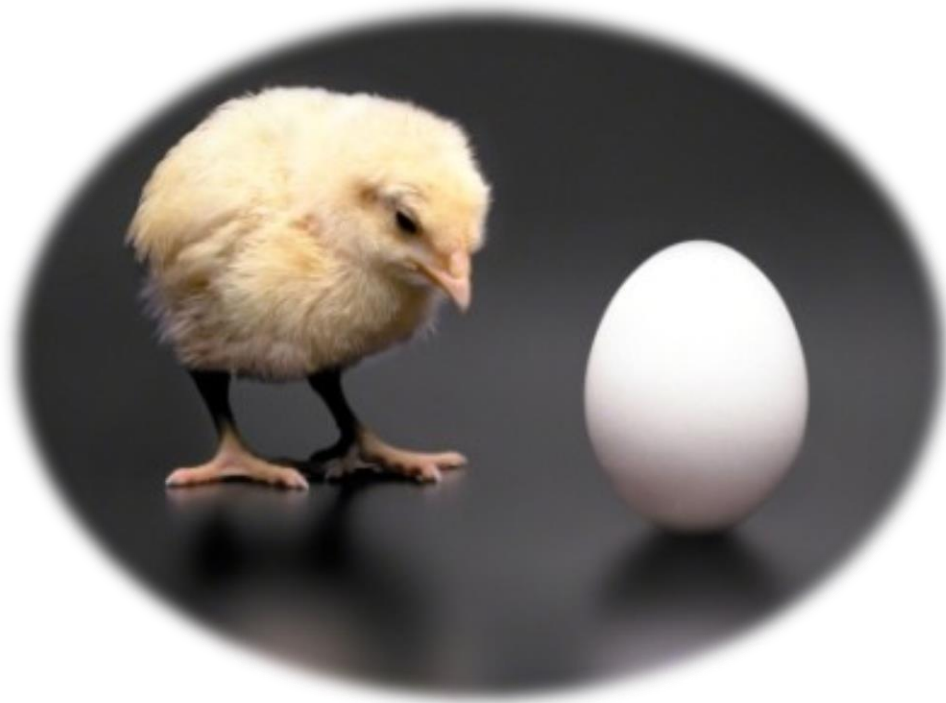

Supply

- Skills being developed by educational institutes
- The availability of skills in a community

Demand

- Skills needed by employers to run their businesses
- Skills needed to effectively grow an economy

What comes first?

Information that helps us make informed decisions on:

- where we would like to work
- what jobs we want to do
- how much money we could make

Examples of LMI

of students

of graduates

wages for jobs

What do people ask me?

- Where are the jobs?

Location

- What kinds of jobs are out there?

Type of Job

- Who is hiring?

Employer

What tools are out there for students?

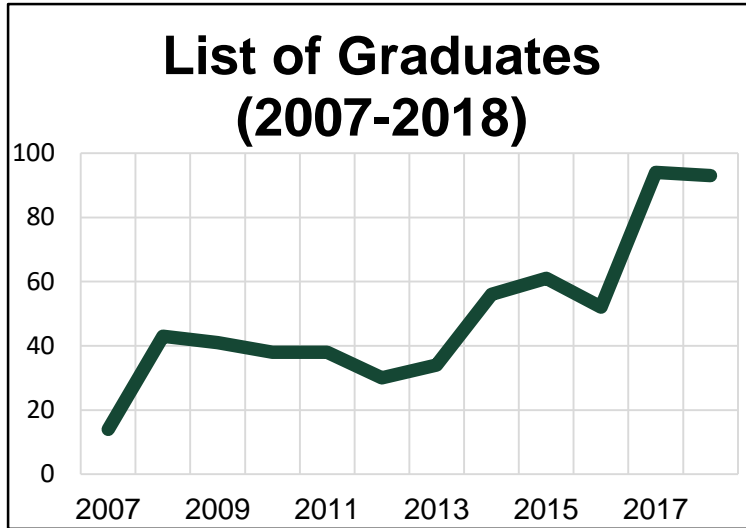

Sample Tools for Students
