trentu.ca/parents

At Trent, we recognize the vital role parents and supporters play in a student’s transition to university, and we’re committed to providing the resources to help you and your student thrive every step of the way.

The Collegiate Advantage

trentu.ca/colleges

Housed in world-class architecture and known for their memorable mascots and time honoured traditions, the five Colleges of Trent are the centre of the student experience. In this signature collegiate model, every student – whether they live in residence or not – becomes a member of one of our colleges, which serves as a close-knit social and academic community within the larger University community.

Our colleges are more than residences, dining halls and classroom spaces. They are communities that promote learning, embrace diversity and foster meaningful connections among students, faculty and staff, providing access to support and dedicated teams to help with everything from studies to self-care.

Student Supports & Services

trentu.ca/currentstudents

As the #1 undergraduate university for Student Services, it’s no surprise that we offer many resources, supports and opportunities for involvement to help students make the most of their time at Trent. Explore our Current Students website for information about academics, personal support, campus life and ways to get involved, working on campus, student safety, and campus decision-making. There is also information for students who are new to Trent which can be found at trentu.ca/currentstudents/new-trent
