

Warm Greetings from Trent International!

The Trent International team would like to extend our congratulations on your admission to Trent, one of Canada's leading undergraduate universities.

As you may know, Trent has a well-earned reputation as a leader among Canadian universities in teaching and research excellence. Our small classes and the close attention you will receive from our faculty and staff are some of the chief reasons for so many of our students' success in their chosen fields. You should feel confident that when you arrive in Peterborough, a team of staff and new friends will be here to welcome you to your new home and to support you for the whole time you study at Trent. You will be joining more than 700 international students from more than 85 countries who make Trent their home. We very much look forward to welcoming you to our dynamic global community.

The Checklist on the next page will guide you as you consider our admission offer. We would also be happy to assist you with any questions you might have. Please feel free to get in touch with us.

TIP Staff
