

THE TRENT *Advantage*

Trent is known for its flexible, interdisciplinary approach to learning and its commitment to real-world, hands-on experience, in the classroom and beyond. Here, students learn in small-group settings, giving you the opportunity to build strong relationships with our caring and committed faculty – gifted teachers who also happen to be top experts in their fields. Imagine what an edge this can give you when you’re looking for a letter of recommendation in support of your career or academic next move.

Take advantage of the intimate class sizes, stellar labs and facilities, meaningful connections with your fellow students, and invaluable collaborations with your professors. Whether you prefer to study at our dynamic Durham Greater Toronto Area campus, our spectacular Peterborough campus, or remotely from wherever you are in the world, we support you with the mentorship, tools and experiences to help you reach your full potential.

DISCOVER ONE OF ONTARIO’S MOST TRANSFER-CREDIT FRIENDLY UNIVERSITIES

With many transfer agreements and flexible pathway options, Trent University will help you open new doors and expand your options. At Trent, we pride ourselves in being a leader in helping students from diverse academic backgrounds achieve their personal and academic goals.

HOW YOUR CREDITS ARE ASSESSED

There is no need to apply for transfer credit assessment at Trent. If you have previously attended a postsecondary institution, you are automatically evaluated for transfer credits. If you receive an offer of admission, the results of your preliminary transfer credit assessment will be posted on your myTrent account. You will be notified by email if course syllabi from previous postsecondary institutions are required for transfer credit assessment. Assessments take up to four weeks after syllabi are received.

WHAT YOU NEED TO KNOW ABOUT TRANSFER CREDITS

“Transfer credits” refers to courses taken at one institution that are credited toward a degree or diploma at another institution. Up to 10.0 transfer credits (or the equivalent of up to two years), may be applied to your honours degree at Trent University. There are three types of transfer credits:

1. Assigned Credits

An assigned credit is granted when the content of a course at another university or college is considered an exact equivalent to a course at Trent.

2. Unassigned Departmental Credits

An unassigned departmental credit is granted when the course materials from another university or college are comparable with the subject material in a discipline at Trent University for which there is not an equivalent course.

3. Unassigned General Credits

An unassigned general credit is granted when the subject of the course is not taught at Trent.

Note: All transfer credits are recorded as a “pass” grade. Numerical grades are not entered on the student record.

Make the most of the credits you've already earned

No overflowing lecture halls here. With a 20:1 student-to-faculty ratio, Trent offers an educational experience that unfolds on a human scale. Prepare to be embraced by our collegiate community and engage directly with renowned experts that will quickly become your favourite faculty members.

Looking to accelerate your academic growth and career opportunities? Connect with academic advising, financial supports, accessibility and counselling services and career strategy at The Hub at Trent Durham or through the distinct collegiate environment at our Symons Campus in Peterborough.

Various programs on campus provide peer-to-peer mentoring opportunities which establish a supportive, student-focused experience that encourages growth and a space to thrive academically, socially and professionally.

TRANSFER INTO NEARLY ANY PROGRAM AT TRENT

Connect with us to have your transfer credit eligibility assessed

Minimum Admission Requirements

- A minimum grade of 60% is required in any university course to be considered for course-by-course transfer credit assessment; a cumulative average of 65% is required for admissions
- Up to a maximum of 10.0 credits (two years of full-time study) may be applied to an undergraduate degree at Trent University

Some of our programs have higher admission requirements. The helpful info below will help you chart your next steps with Trent.

PROGRAM	MINIMUM ADMISSION AVERAGE*	PRE-REQUISITE COURSES ("PASS" REQUIRED UNLESS OTHERWISE INDICATED)
Bachelor of Arts & Science	70%	
Bachelor of Environmental Science/Studies	70%	
BAS Medical Studies Dual Degree	80%	
Biomedical Science	70%	Biology, Chemistry, Math, Physics
Chemical Engineering	80%	Chemistry, Physics, Math; Minimal transfer credits
Computing Systems Co-Op	80%	Applicant Essay due by February 1; Max. 5.0 transfer credits
Climate Science & Policy	70%	Biology, Chemistry, Math
Conservation Biology Placement/Co-Op	75%	Biology, Chemistry, Math; Max. 5.0 transfer credits
Criminology**	70%	Max. 5.0 transfer credits
Data Science	70%	Math
Environmental Geoscience	70%	Chemistry, Math
Forensic Science/Biology/Chemistry	70%	Biology, Chemistry, Math
Health & Human Behaviour	70%	Biology, Math
Kinesiology	70%	Biology, Chemistry, Math
Law & Arts/BBA Dual Degree	80%	Minimal transfer credits
Logistics & Supply Chain Management**	70%	Math; Max. 5.0 transfer credits
Medical Professional Stream	80%	Autobiographical Sketch due February 1; Max. 5.0 transfer credits
Nursing*	75%	Minimum 70% in English. Minimum 65% in Biology, Chemistry and Math, successful completion of CASPer test
Teacher Education Stream	70%	Max. 5.0 transfer credits
Policing & Community Well-Being	70%	Max. 5.0 transfer credits
Financial Analytics	70%	Max. 5.0 transfer credits

* Minimum admissions average does not guarantee admission; these are competitive capped programs, so the competitive average can fluctuate year to year depending on the applicant pool.

** These new programs are pending final Ministry approval. Since first-year courses will begin in September 2021, and upper-year courses will not roll out until each consecutive year, we cannot admit students with transfer credits to these programs for September 2021. Beginning September 2022, transfer students with no more than 5.0 transfer credits can be considered for admission.

TRANSFER FROM College

Earn your Bachelor’s degree faster

Earn both a college diploma and a Trent degree in a fraction of the time thanks to agreements with colleges spanning the GTA and all across Ontario. It’s the best of both worlds – combining practical and career-focused learning, critical analysis and academic learning foundations. Where will your path lead you?

TRANSFER INTO (ALMOST) ANY TRENT DEGREE

Here at one of Ontario’s most transfer-credit friendly universities, we make it easy for you to take the next step into degree studies. In fact, transfer credits from college can be applied to nearly any Trent program. We’ll even work with you to assess your transfer credits and make sure you are making the most of your college credits.

The minimum course average needed for automatic transfer credit assessment is 70%. Some of our programs require a higher minimum average for admission. The helpful table below will help you chart your path to Trent.

PROGRAM	MINIMUM ADMISSION AVERAGE*	PRE-REQUISITE COURSES (“PASS” REQUIRED UNLESS OTHERWISE INDICATED)
Bachelor of Arts & Science	70%	
Bachelor of Environmental Science/Studies	70%	
BAS Medical Studies Dual Degree	80%	
Biomedical Science	70%	Biology, Chemistry, Math, Physics
Chemical Engineering	80%	Chemistry, Physics, Math; Minimal transfer credits
Computing Systems Co-Op	80%	Applicant Essay due by February 1; Max. 5.0 transfer credits

* Minimum admissions average does not guarantee admission; these are competitive capped programs, so the competitive average can fluctuate year to year depending on the applicant pool.

** New programs pending final Ministry approval. First-year courses begin in September 2021. Upper-year courses will roll out ach consecutive year, therefore students with transfer credits cannot be admitted for September 2021. Beginning September 2022, transfer students with no more than 5.0 transfer credits can be considered for admission.

DESIGNATED PATHWAYS TO TRENT FROM ALL ONTARIO COLLEGES

Studying Computer Programming, Computer Systems or Police Foundations at college? We have great news. Our agreements make it easy for you to transfer your credits and experience to Trent and finish your degree sooner.

Complete your college program with a minimum average of 75% and receive the credits outlined in the chart below. Yes, it is that easy.

DIPLOMA COMPLETED	PROGRAM LENGTH	TRENT DEGREE OPTION(S)	TRANSFER CREDITS ASSIGNED	ADDITIONAL CREDITS REQUIRED	CAMPUS LOCATION
<ul style="list-style-type: none">Computer Programming and AnalysisComputer Systems Technology	Three years	B.Sc. Honours, Computer Science (specializations available)	10.0 credits (Two years)	10.0 credits (Two years)	Peterborough
<ul style="list-style-type: none">Police Foundations	Two years	B.Sc.F.S. Bachelor of Science in Forensic Science or B.A. or B.Sc. Joint Major in Forensic Science	5.0 credits (One year)	15.0 credits (Three years)	Peterborough

CHART A COURSE AS UNIQUE AS YOU ARE

At Trent, we know a student’s path to university is not always a linear one. If you’re considering transferring to Trent from college, we want to make it easy for you. Our nearly 100 pathways with colleges across Ontario do just that.

Look for your college and future Trent degree pathway on the charts on pages 8 through 11 of this guide.

Don’t see your college or program? Contact us or visit trentu.ca/transfer. We are adding new transfer pathways all the time!

PATHWAYS TO TRENT

New pathways are being introduced all the time. For the most up-to-date agreements and information, check out [trentu.ca/transfer](#)

The chart below outlines specific details about pathway opportunities with individual colleges. Students must complete the college program with a minimum average of 75% to receive the credits outlined, unless otherwise specified.

Transfer Tales

Hear about the Trent Transfer advantage directly from those who know it best – our staff, students and recent graduates

Smaller Classes, Exceptional Profs

"The university I was at prior to Trent felt a bit too big, a bit too overwhelming at times. Trent offered smaller classrooms and more intimate relationships with professors. The transfer process was very easy, friendly and welcoming. Right from the start, it just had this feel to it that was very distinct and different from what I had experienced previously. I'd heard a lot of wonderful things about Trent's English program but didn't realize how unique a program it was until my first term. The profs are exceptional. The calibre and the quality of instruction is something I never experienced before coming to Trent."

Ben Roughton transferred from another university into Trent's English program, along his path toward a career in teaching.

Academic and Financial Supports

"I chose to pursue university because I didn't feel that my 'learning journey' was over yet. I chose Trent for a number of reasons; the smaller campus size, proximity to home, the amazing financial aid services and scholarships, and the fact that much of my cohort was transferring at the same time (there were about 10-15 of us), so I knew I'd have friends coming with me. When beginning the program, we were given the resources we needed to see which courses we'd been exempted from, which ones were still required, and of course, received significant support from the Academic Advising team here at the Durham Campus."

Larissa Janssen, transferred into the Child & Youth Studies program at Trent Durham Greater Toronto Area

Scholarships for Success

"I chose Trent because it offers the best scholarships for international students. As a transfer student from a university in the U.S., I was in a narrow niche to qualify for a scholarship in Canada. That is when I discovered Trent's Global Citizen Scholarship which allowed me to return to school."

With plans to pursue a career in Biology, **Juan Urzua**, an international transfer student from Mexico, feels prepared with the laboratory experiences, science writing and public speaking skills that his Trent education has provided him.

State-of-the-Art Facilities

"Before I decided to transfer to Trent, I thought about what I wanted to have as a part of my experience. I chose to transfer to Trent because I love laboratories, and they had facilities that allowed undergraduate students to use and get experience on a lot of the analysis techniques, and had courses with many in-lab components."

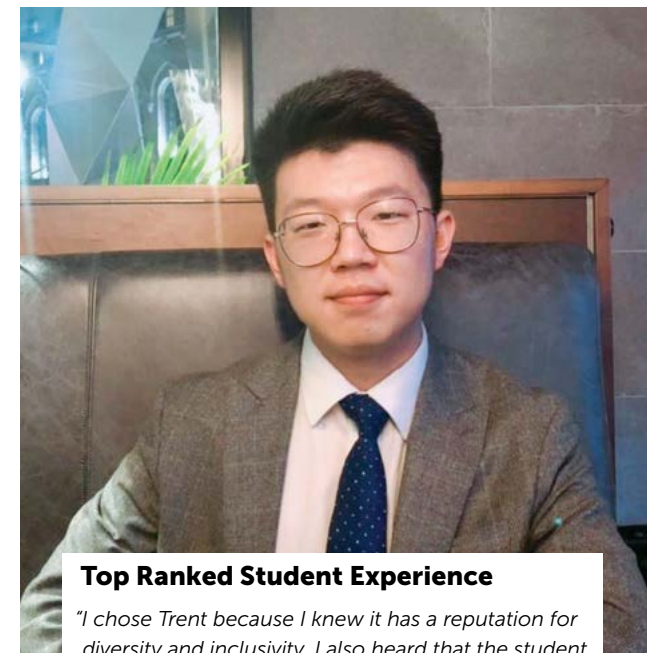

Kasandra Brick, Biochemistry & Molecular Biology student, took advantage of the Fleming College General Arts & Science University Transfer Program to gain access to state-of-the-art research facilities and labs at Trent.

Diploma to Doctorate

Trent alumna **Kelly McLean**'s postsecondary journey started with an education pathway from Fleming College to a Bachelor of Science in Biology. Now, her academic career is steeped in science as she pursues her doctorate, working with the Canadian Wildlife Service to equip 80 cranes with transmitters to determine fine scale habitat use, migration timing and strategies, and help answer today's most pressing ecological questions.

"Science is all about asking questions, and I think that asking and answering relevant questions is very important in wildlife management. I was once told that in college, you learn what sort of things you can ask questions about; in your undergrad, you learn what sort of questions you can ask; in your master's, you learn how to ask those questions; and during your Ph.D., you actually answer the questions. It's true!"

Top Ranked Student Experience

"I chose Trent because I knew it has a reputation for diversity and inclusivity. I also heard that the student experience at Trent ranked at the very top of the list. Being an international student, I've always wanted to experience more Canadian culture, and Trent was the best fit. My experience so far has been the best. I have met so many friends through this journey, the school also offers a lot of support for international students, and my professors are very approachable compared to a bigger school, which makes my study much easier."

Jiahe Fan is currently completing his Bachelor of Business Administration degree, specializing in Accounting.

EXPLORE OUR ACADEMIC PROGRAMS

APPLYING TO TRENT

CLASSES START September, January, or May

1. APPLY TO TRENT

There are two ways to submit your application. Apply directly to Trent by emailing admissions@trentu.ca and we will waive the application fee, or apply online through OUAC (Ontario Universities' Application Centre) by visiting ouac.on.ca

2. SEND YOUR TRANSCRIPTS

- If you're in your first semester of first year, send your transcripts once grades become available.
- If you have completed your first semester, send in your transcripts upon application.
- Once you have completed your school year and received final grades, submit your final transcript to Trent.

3. RECEIVE YOUR OFFER

- Successful applicants will receive an offer of admission by email. At this time, your preliminary transfer credit assessment will be posted under 'Transfer Credit' in your myTrent portal.
- Trent may request course syllabi to assess remaining transfer credits. Transfer credit assessments are typically completed within four weeks after syllabi are submitted.
 - For assistance with your transfer credit assessment, contact admissions@trentu.ca
 - For assistance with degree and course planning, visit trentu.ca/advising

4. ACCEPT YOUR OFFER

Before accepting an offer of admission, you should carefully review your offer. You should accept your offer of admission as early as possible as some programs and courses have limited enrolment and may fill up quickly. Accept your offer of admission where you applied at ouac.on.ca or by emailing admissions@trentu.ca (if you applied directly to Trent).

APPLY TO TRENT EARLY
Programs and courses with limited enrolment may fill quickly

INVESTING IN YOU: TRENT IS #1 IN SCHOLARSHIPS

Rewarding academic excellence and making transformative educational experiences financially accessible for all students. It's what we believe in at Trent. **That's why we invest more per student in Scholarship & Bursaries than any other university in Canada.**

ENTRANCE SCHOLARSHIP GUARANTEE

If you're a top scholar with an average of 80% or higher, you will automatically receive an entrance scholarship at Trent – no application required. And it's not just a one-time thing. Trent's **national entrance scholarships are RENEWABLE each year.** When you maintain an 80% average each year, this can really pay off – with a total scholarship potential of \$12,000.

RENEWABLE ENTRANCE SCHOLARSHIPS

Entering Average	Scholarship Distribution	Maximum Scholarship Potential
95%+	\$3,000 x 4 years	\$12,000
90% - 95%	\$2,500 x 4 years	\$10,000
85% - 90%	\$1,500 x 4 years	\$6,000
80% - 85%	\$1,000 x 4 years	\$4,000

PAYING FOR YOUR EDUCATION

A university education is an investment in your future. At Trent we'll help you find ways to make it affordable. Our financial aid team is dedicated to working with students to help you uncover ways to pay for your education. In addition to scholarships, you have options:

- **Generous Entrance & In-Course Bursaries:** Over \$1.25M in funding available for students with demonstrated financial need
- **Ontario Student Assistance Program (OSAP):** A combination of interest-free loans and non-repayable grants
- **Assistance for Out-of-Province Students:** Wherever you're coming from, Trent's financial aid team can help you navigate the funding you're eligible for
- **Trent Work-Study Program and On-Campus Jobs:** Hundreds of available on-campus jobs provide you with experience as you fund your education.
