Understanding Trent Health & Dental Benefits

Powered by the Trent Central Students' Association, you now have access to extended health coverage including prescription drugs, practitioner, dental, travel, and accident coverage.

In order to be eligible for your student Health & Dental Benefits, you must have UHIP or comparable coverage in place.

Learn about all of the extended health services you are covered for and take advantage of your benefits whether you're on campus, at home, on placement; where ever you are!

Registration

- Graduate students who begin their studies in January 2021 will registered and billed in Trent student benefits
- Dependents can be registered based on a request by the member during the opt in period January 1, 2021 to January 31, 2021
- Graduate students who already have coverage and do not require Trent student benefits can opt out during the opt out period, January 1, 2021 to January 31, 2021
- There is Trent student benefits opt-out process available for students who provide proof of comparable coverage through [StudentVIP](#)
- Graduate students who begin their studies in May 2021 are not billed in Trent student benefits. The option to opt in is available for May 2021-August 2021 coverage

To Request Proof of Coverage

- Graduate students can [download the benefits card](#) through StudentVIP

Safe Arrival in Canada

Graduate students planning on entering Canada will need to register their trip in the [Trent University Quarantine Registry](#). The registry is mandatory for all Trent University graduate students entering Canada from abroad. This information allows us to help prepare for your arrival and ensure your plan meets Government of Canada regulations to avoid being denied entry. You must accept your offer before submitting your plan.

First, please find the [Safe Arrival Protocol attached here](#). Read it thoroughly. The Trent Safe Arrival Protocol provides details of your options to arrive safely in Canada.

Please find a [Quarantine Plan Supplement and Template here](#). Use this as a guide. All information from your Quarantine Plan will be required for the Trent University Quarantine Registry.

A "**Letter of Support**" from Trent University outlining the multi-access learning model and to express support for your return to Canada was sent to you by a prior email. For those planning on arriving to Canada this fall, please print and include this email and letter with your supporting documentation in preparation to travel.

If you have any questions, regarding the Safe Arrival Protocol or Trent University Quarantine Registry, please email international@trentu.ca
