

Environmental and Life Scholarship Competition 2022

David & Joyce Woods Graduate Scholarship, Established in 1990

5 scholarships available - Value: \$2,400ea

David & Joyce Woods were both remarkably generous to the community organizations with their time and resources. David was a dedicated supporter of Trent, and from 1975-1980 was Chairman of the Board of Governors. Joyce quietly supported environmental groups as diverse as the Audubon Society, World Wildlife Federation, and Greenpeace.

They were early re-cyclers in the days before curb-side service in Toronto. At their cottage on Lake Simcoe, David developed an ambitious composting system and experimented with organic vegetable gardening; Joyce created beautiful flower gardens, delighted in her wild birds, and relaxed blissfully on the veranda overlooking the Lake. They tended their land carefully as practical environmentalists and passed on to their family a sense of wonder and gratitude at their good fortune in living beside water.

Eligibility:

Only students who have attained a first class average (80%) on their first graduate course(s) or the designation of PASS on their mandatory core course in the Environmental & Life Sciences M.Sc. graduate program focusing on environmental science at Trent University would be eligible for consideration.

Deadline: February 25th, submission by 3:00 p.m.

Successful applicants will be notified by the end of April 2022.

Application Procedure:

ENLS students must submit an application consisting of:

- 1) Cover letter highlighting their scientific achievements (one page)
- 2) A thesis proposal (one page)
- 3) C.V.
- 4) Unofficial transcript.

Due to the COVID restrictions:

- submit application as a complete package via e-mail to lcardwell@trentu.ca
- Include in email subject line **Woods Scholarship Submission**
- All documents must be included. Do not submit individual pieces or send items separately. The office will not assemble, add to or take out items from your application package.
