Statement of Declaration

The health and safety of students, staff, and guests in the residence is a paramount concern for Housing Services at Trent University. To provide such an environment, Housing Services employs various student staff (e.g. Residence Life Dons, Services Centre Assistants, etc.) who demonstrate superior capacity as a role model through compliance with expectations (e.g. Residence Standards, expectations documents, employment contracts, etc.); the ability to make independent decisions as a peer leader and support to students in need; and as a first-responder in crisis situations (in applicable positions).

To ensure quality applicants, Housing Services will review the residence and campus history of all applicants, which includes, but is not limited to, behavioural, conduct, and employment history. Some positions must also meet an academic standard which is reviewed by Housing Services prior to, and throughout the course of, employment.

Applicants whose conduct concerns (i.e. violations of the Residence Standards) or employment history exceed the acceptable threshold will not be invited to interview. Based on the requirements of the job, if there is a bonafide concern with an individual's non-conduct related behaviors that might hinder the ability to meet expectations; a) an offer of employment will be conditional upon the applicant meeting expectations that ameliorate the concerns or b) an offer will not be made.

This job description reflects the principle job elements and does not list all responsibilities, skills, or working conditions associated with the position.
