Trent University invites applications for a tenure track faculty position in the field of Fish Ecology in the Department of Biology, at the rank of Assistant Professor, to start January 1, 2020. A completed Ph.D. and relevant teaching experience are required. The successful candidate is expected to have a demonstrated research record with the ability to secure external funding. Ideally, the successful candidate will take advantage of Trent’s location near abundant lakes and rivers for teaching and field-based research. The successful candidate will also enhance collaborations with existing members in the Department of Biology (www.trentu.ca/biology) and in the aquatic research branch of the Ministry of Natural Resources and Forestry (www.ontario.ca/page/aquatic-research). The candidate will be a member of the Environmental and Life Sciences Graduate Program (www.trentu.ca/enls) and/or the Bioenvironmental Monitoring and Assessment Graduate Program (www.trentu.ca/bema), and continue Trent’s legacy as a leader in field research in aquatic science. The successful candidate will be expected to teach courses in the Department of Biology. These may include Foundations of Biodiversity, Introductory Ecology or Advanced Ecology, Fish Ecology, River and Stream Biology and Vertebrate Biology.

Applications should include a curriculum vitae (including confirmation to legally work in Canada), a statement of teaching experience and philosophy, a brief research proposal, and the names, email addresses, and telephone numbers of three referees who would be willing to write on the candidate’s behalf. Please note that applications will only be accepted in PDF format via email. Please send applications to biology@trentu.ca, attention Prof. Erica Nol, Chair, Department of Biology. This position is subject to budgetary approval.

The deadline for receipt of applications is June 15, 2019.

Trent University is actively committed to creating a diverse and inclusive campus community and encourages applications from all qualified candidates. Trent University offers accommodation for applicants with disabilities in its recruitment processes. If you require accommodation during the recruitment process or require an accessible version of a document/publication, please contact enol@trentu.ca.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.
