

**EVALUATION CRITERIA – Strategic Initiatives Research Grant** (25 points maximum)

	Insufficient (1)	Satisfactory (2)	Good (3)	Excellent (4)	Outstanding (5)
Novelty, originality of the project and its relevance to the theme.	Research project <b>lacks clarity</b> , and/or is of <b>limited originality</b> and <b>innovation</b> . Project rationale is <b>poorly described</b> , and research goals are <b>not supported</b> by the objectives. The methodology is <b>not clearly described</b> and/or <b>appropriate</b> to deliver research objectives.	Research project is <b>clearly</b> presented, with <b>original</b> and <b>innovative</b> aspects. Project rationale is <b>described</b> , and research goals are <b>partially supported</b> by the objectives. The methodology is <b>partially described</b> and/or <b>appropriate</b> to deliver research objectives.	Research project is <b>clearly</b> presented, is <b>original</b> and <b>innovative</b> . Project rationale is <b>defined</b> , and research goals are <b>supported</b> by the objectives but there is <b>room for improvement</b> . The methodology is <b>described</b> and <b>appropriate</b> but there is <b>room for improvement</b> .	Research project is <b>clearly</b> presented, is <b>original</b> and <b>innovative</b> . Project rationale is <b>well defined</b> , and research goals are <b>supported</b> by the objectives. The methodology is <b>clearly described</b> and <b>appropriate</b> to deliver research objectives.	Research project is <b>clearly</b> presented, is <b>highly original</b> and <b>innovative</b> . Project rationale is <b>well defined</b> , and research goals are <b>strongly supported</b> by the objectives. The methodology is <b>clearly described</b> and <b>very suitable</b> to deliver.
Research excellence of the applicant (and co-applicant/s)	<b>Lack</b> of evidence of applicant (and co-applicant)'s role. Research accomplishments, and service are <b>below an acceptable level</b> . Contributions presented in the application are of <b>limited</b> quality and <b>do not justify</b> the partnership to deliver project goals. Varying career level of collaborators and student role in the project are <b>not considered</b> in the proposal.	The role of applicant (and co-applicant) is <b>somewhat evident</b> . Research excellence, accomplishments, and service are <b>reasonable</b> . Contributions presented in the application are of <b>reasonable</b> quality and <b>somehow justify</b> the partnership to deliver project goals. Varying career level of collaborators and student role in the project are <b>partially considered</b> in the proposal.	The role of applicant (and co-applicant) is <b>evident</b> . Research excellence, accomplishments, and service are <b>significant</b> . Contributions presented in the application are of <b>good</b> quality and <b>support</b> the partnership to deliver project goals. Varying career level of collaborators and student role in the project are <b>considered</b> in the proposal but there is <b>room for improvement</b> .	The role of applicant (and co-applicant) is <b>well defined</b> . Research excellence, accomplishments, and service are <b>outstanding</b> . Contributions presented in the application are <b>above average in quality</b> and <b>support</b> the partnership to deliver project goals. Varying career level of collaborators and student role in the project are <b>considered</b> in the proposal.	The role of applicant (and co-applicant) is <b>clearly defined</b> . Research excellence, accomplishments, and service are <b>exceptional</b> . Contributions presented in the application are of <b>high quality</b> and <b>strongly support</b> the partnership to deliver project goals. Varying career level of collaborators and student role in the project are <b>well addressed</b> in the proposal.

Impact and plans for future funding	Impact and importance of the work is <b>not evident</b> . Project <b>lacks</b> significance for the development of Applicant's career, including plans for future grant proposals. <b>Limited</b> information on the delivery of the new knowledge to the target audience.	Impact and importance of the work is <b>somewhat evident</b> . <b>Limited</b> significance for the development of Applicant's career, including <b>no clear</b> plans for future grant proposals. <b>Partial</b> information on the delivery of the new knowledge to the target audience.	Impact and importance of the work is <b>evident</b> . Project of <b>average</b> significance for the development of Applicant's career, including <b>preliminary</b> plans for future grant proposals. <b>Appropriate</b> plans regarding delivery of the new knowledge to the target audience.	Impact and importance of the work is <b>clearly evident</b> , with a <b>potential</b> to deliver <b>advances</b> in the area. Project is of <b>high</b> significance for the development of Applicant's career, including <b>clear</b> plans for future grant proposals. <b>Clear</b> plans regarding delivery of the new knowledge to the target audience.	Impact and importance of the work is <b>clearly evident</b> and <b>influential</b> , likely contributing to <b>groundbreaking advances</b> in the area. Project is of <b>very high</b> significance for the development of Applicant's career, including <b>clear</b> plans for future grant proposals. <b>Substantial</b> plans regarding delivery of the new knowledge to the target audience.
Budget justification	The need for funds and the budget is <b>not justified</b> .	The need for funds and budget is <b>partially justified</b> .	The need for funds and budget is <b>adequately justified</b> , but there is <b>room for improvement</b> .	The need for funds and budget is <b>justified</b> .	The need for funds is <b>clearly demonstrated</b> . The budget is <b>well justified</b> and <b>balanced</b> .
HQP Training	<b>No</b> student involvement. HQP training is <b>not clearly defined</b> . Lacks any mention of EDI principles	<b>Limited</b> student involvement. HQP training is <b>partially defined</b> in terms of the benefits for students in improving research skills and transferable skills. EDI is mentioned but not meaningfully integrated	<b>Significant</b> student involvement. HQP training is <b>clearly defined</b> in terms of the benefits for students in improving research skills and transferable skills. EDI principles are acknowledged and partially addressed.	Student involvement is <b>clearly demonstrated</b> in terms of the benefits for students in improving research skills and transferable skills and expected to produce <b>quality</b> results. EDI is integrated into recruitment, mentorship, and team culture	Student involvement is <b>substantial</b> and <b>justified</b> in terms of the benefits for students in improving research skills and transferable skills and expected to produce <b>high quality</b> results. EDI is embedded throughout with proactive strategies.
