BACHELOR OF ARTS & SCIENCE/MEDICAL SCIENCES: TRENT-SWANSEA DUAL DEGREE

GO GLOBAL and earn two degrees in just four years; complete your first two years in the Bachelor of Arts & Science program at Trent before going to Swansea in the UK to complete a degree in one of their dedicated medical pathway programs, including:

- Applied Medical Science
- Medical Biochemistry
- Medical Genetics
- Medical Pharmacology
- Population Health & Medical Science

 **Swansea University
Medical School**
Wales, UK

Through this program, students
achieving an average of

80%

are guaranteed an interview with
Swansea University Medical School

TAILOR YOUR DEGREE

COMPLETE AN HONOURS THESIS

An independent research project in your topic of choice, supervised by a faculty member who is leading in their field.

COMMUNITY-BASED RESEARCH

Work with a community partner on a research project and see how discoveries are applied in the real world.

PRE-MEDICAL STUDIES (OPTION)

Complete an option (like a "mini-minor") in Pre-Medical Studies with any Trent undergraduate program and graduate with a well-rounded background in the physical and life sciences, as well as the social sciences and humanities.

HEALTH & MEDICAL HUMANITIES (OPTION)

This option teaches students (in any undergraduate program) what it takes to make good ethical decisions in a medical context, and how the arts influence and are influenced by cultural and social views on health and wellness.

SPECIALIZATIONS TO COMPLEMENT YOUR DEGREE

Distinguish your degree by adding a specialization and gain deeper understanding of your chosen discipline. Popular specializations for students heading to med school include:

- Health & Well-Being (Psychology)
- Health Sciences (Biology)
- Health Studies (Sociology)

And Much More!
