- Students must normally satisfy the program requirements for the calendar in effect at the time of their re-admission to the university.
- A second degree is not available in all subject areas.
- Applicants will not be admitted to a second degree program where there is substantial overlap in the degree requirements. For example, a student may not earn an Honours degree in Chemistry at Trent if they already have an Honours degree in Chemistry from another university.

#### First Degree earned at Trent University

- General Degree in Another Subject following a General Degree or an Honours Degree: The student must complete at least 5.0 credits beyond the first degree.

- Honours Degree following a General Degree in the Same Subject (including joint-majors): The student must complete at least 5.0 credits beyond the first degree.
- Honours Degree in Another Subject following a General Degree or an Honours Degree: The student must complete at least 10.0 credits beyond the first degree.
- Honours Degree following a Minor in the Same Subject: Students may return for a second degree in a subject in which they have obtained a Minor, but only at the Honours level. The student must complete at least 10.0 credits beyond the first degree.

#### First Degree earned from another Canadian University

A maximum of 10.0 credits (the equivalent of two years of full-time study) may be transferred for credit towards a second degree.

- General Degree in Another Subject following an Honours Degree: The student must complete at least 7.5 credits beyond the first degree.

### NOTES

- All work for the second degree must be completed at Trent University (Letters of Permission for credit from another institution will not be permitted).
- Students will not be permitted to include a Minor in the second degree.
- Trent students who have credits which exceed the degree requirements in a first degree program *may* have them applied to the second degree program.
- The student must meet the same standards for continuation and graduation as required of students registered in a first degree program. See p. 28 of the Academic Calendar for requirements which apply to all undergraduate degree programs.
- Third degrees: Credits from the first two degrees cannot be applied to a third undergraduate degree. To obtain a third undergraduate degree a student must complete all courses required for the program (*i.e.*, 15.0 credits for a General degree and 20.0 credits for an Honours degree).
