

## 2021-2022 Graduate Academic Calendar

### Supplement to Academic Programs

January 2022

This Calendar Supplement should be used in conjunction with the 2021-2022 Graduate Academic Calendar. Updates contained in this document supersede the Calendar published July 2022.

### Academic Programs

#### Graduate Diploma in Educational and Community Leadership

For the graduate diploma in Educational and Community Leadership, students will be required to successfully complete 2.5 credits consisting of 2 required courses and 3 elective courses. The required courses are EDUC-5010H – Interdisciplinary Critical Perspectives on Educational Theory, and EDUC-5020H – Introduction to Educational Research Methods.

#### M.BEMA in Bioenvironmental Monitoring & Assessment

Master of Bioenvironmental Monitoring and Assessment (M.BEMA) – 12 months (3 terms)

A one-year course-based degree. Students will take online courses for eight months (September to May), followed by a 15-week placement (May to August) and one-week face-to-face capstone course (3rd week of August). In Terms 1 and 2, students complete eight (8) half-credit courses (5 required core courses and 3 electives). The 1 full-credit (combined) placement and capstone course are completed in Term 3.

Required courses: BEMA-5000H, BEMA-5003H, BEMA-5008H, BEMA-5002H, BEMA-5004H, BEMA-5013H (Placement), BEMA-5014H (Capstone).
